Contract Opportunities Data Extract Documentation

Prepared for

General Services Administration (GSA)
Integrated Award Environment (IAE)

Contract Opportunities Data Extract

Table of Contents

1. Overview

Opportunities Data is made available for public use so that consumers of opportunities data can bulk extract data for use in their local system. Opportunities data is updated on a daily basis and contains all ACTIVE opportunities. Any opportunities that are INACTIVE can be found in the Archived Data folder in the Data Services section.

- File Path: Sam.gov -> Data Services -> Contract Opportunities -> datagov -> **ContractOpportunitiesFullCSV.csv**

2. Data Parameters

Table 1: Opportunities Data Parameters
